Instruction > Gradebook:

- New column fill options in the gradebook when you right click (ctrl-click for Mac) on the assignment column header. These include:
 - Clear all scores for . . .
 - Fill empty scores, and
 - Overwrite all scores

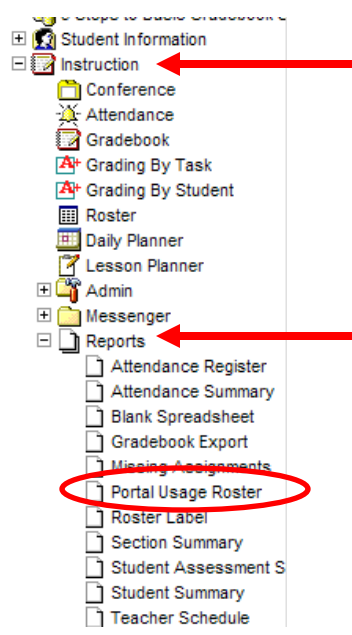

Instruction > Gradebook:

- Incomplete is a new assignment score comment that is available when you right click (ctrl-click for Mac) on the score cell for a specific student.

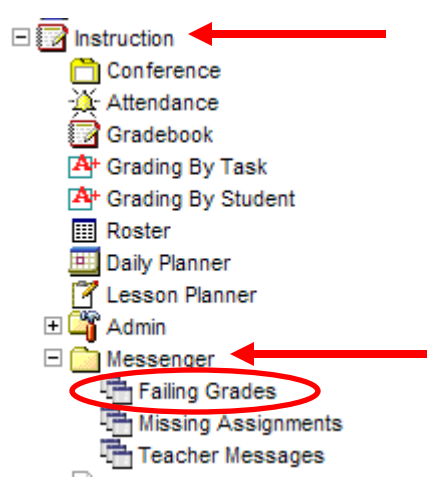

Instruction > Reports > Export teacher gradebook

- Export teacher gradebook as comma separated, tab delimited, xml, or html. This only exports the assignments and scores from the gradebook, not the calculation fields.

Instruction > Reports > Portal Usage Roster

- Details Portal activity for students enrolled in the course section and for their parent/guardian.

Instruction > Messenger > Change to *Failing Grades* message

- Allows teacher to create and save messages as templates. Can be used to notify parents of student success as well as failure.

- Choose New from the Template pull down (see below)
- Make changes to verbiage (DO NOT delete items in the brackets such as `[student.firstName]`, these are data fields.)
- Click on the Save button, give your template a name.

By running this wizard multiple times, after sending notices messenger records that it has communicated each failing grade. To change this behavior select "Allow Repeat Messages".

Message Preview

Your student [student.firstName] has a failing grade in the course [failingMessenger.courseName].
