New to Infinite Campus Update

The latest Infinite Campus upgrade has been applied. This list will provide detailed information about the changes you will find with the latest version.

End Dating Members From the Household

1. An additional screen appears when End Dating a member from a Household. You will have 3 options to choose from which are detailed out in the [New for version 2010.1 – updated October 2009](#) quick reference guide. Once an option is chosen there is a direct effect or change to the member on the relationships tab. **Extra care and attention should be taken when choosing an option.**

Change in the Person summary report

2. A significant change has been made to the Person Summary Report found on the Demographics and Summary tabs. The report now shows the federally mandated race/ethnicity information that schools will be required to collect and input beginning in January 2010. Training for this effort will be offered in the School Of Choice training in December. Additionally, the comments fields on the demographics tab now displays on the report where it had not in the past. **Please verify this information is appropriate for parents to view prior to distribution.**

NEW - Demographics Data Report

3. This report is now available on the Demographics and Summary tabs. The comments fields are also printed on this report. **Please verify this information is appropriate for parents to view prior to distribution.**
